Kidz Zone Activity Sheet

Pool & Water Awareness 4

ANSWERS

- 1: Boy kicking football in river.
- 2: Look out for signs that describe any potential dangers. If it says no swimming, then don't swim.
- 3: Public rescue equipment is there to save someone's life if needed. Do not use it as a toy or remove it from its safe place.
- 4: Never jump into water, there could be hidden dangers such as rocks or weeds.
- 5: Dangerous rubbish in water.
- 6: Dogs are very strong swimmers, if it looks like your dog is in trouble do not go in after them. They should be able to rescue themselves.
- 7: If you are on the water, you should be wearing a lifejacket. It may save your life.
- 8: Child sitting on edge of bridge might fall.
- 9: Never jump into water, there could be hidden dangers such as rocks or weeds.
- 10: Rivers, lakes and canals can be very deep, and this means the water can be even colder than at the seaside, even during the summer.
- 11 & 12: Rivers, lakes and canals can still have strong underwater currents; even if it looks calm on the surface.
- 13 & 14: Be careful when walking, riding a bike or running near the edge. They can be very unstable.
